

# Deck Hand

## Get to work and get it done upright with the Deck Hand

Quit lying on the floor to get to the bottom side of your mower — the Deck Hand by Handy makes changing blades, cleaning and servicing mower decks a breeze.

The Deck Hand was designed to bolt on to your Handy lift and is used to lift the front end of your residential and commercial mowers. With a 500 lb. front end lifting capacity, it will accommodate most commercial mowers.

This Deck Hand will fit Handy's Standard 1000, S.A.M. 1000 and B.O.B. 1500 lifts. It also fits the Gruntavore 1800 with an alternate bracket.

**Deck Hand Item 21660**

**Deck Hand for Gruntavore 1800 Item 21660G**
